Hi April,

We have staff coming from out of town, so a 9am start time would be best for us. We can meet at the front gate of the USOR site and then head over to the first background sampling location.

I'll be out of the office tomorrow, so if you have any pressing questions please feel free to call me on my cell. 512.660.1715. Otherwise, I will be back on Friday.

Do you have contact information for your anticipated field staff that you could forward to me in case I need to contact them Monday morning?

Thanks,

Roberta
